

Stellenbosch R M Nicholson 2022

RUSTENBERG WINES

Introduction

This wine is named after a former charismatic owner-winemaker, Reginald (“Reg”) Merriman Nicholson, who lived and worked on the farm for 30 years and was the creator of Rustenberg’s famous “Dry Red” blend. Just as the Dry Red was an unconventional blend, the RM Nicholson is a new world style blend of classic varieties that would typically not be combined. The result is a blend of Bordeaux and Rhone varieties aiming to express the typicity of each vintage, unrestrained by convention to create great wine. We recommend decanting this wine before serving.

Vintage

The winter of 2021 was very cold and wet following a warm autumn. Bud burst was late and the cold, wet weather continued into Spring, requiring careful disease and canopy management. The cool, wet weather extended until the middle of December, delaying the growing season for the red varieties in Stellenbosch. From the middle of December onwards the weather warmed up considerably with three heatwaves being experienced in January and one in February. Despite this warmer weather the red wine harvest required patience as the tannins took some time to fully ripen. March and April were moderate temperature-wise and we experienced the odd shower. Our decision to delay harvesting was rewarded with excellent concentration and ripeness in the red wines. The marathon vintage ended in late April and was the biggest and longest vintage in Rustenberg’s history.
