

RUSTENBERG WINES

Stellenbosch Chardonnay 2024

Introduction

Rustenberg is a well-known producer of high quality Chardonnays and the Stellenbosch Chardonnay embodies our house style. Careful tending and selection in the vineyard followed by traditional wild barrel fermentation and maturation produces a classic Chardonnay balancing the expression of fruit, freshness, full malolactic fermentation and the influence of oak.

Vintage

The Winter of 2023 was cold and wet, as was the season's Spring, leading to the late budding of many varieties. While the excellent ground water availability was welcome, the early growing conditions were challenging due to the influence of rain. The resultant humidity, and at other times high winds, ultimately resulted in lower cropping levels. As Summer progressed, the influence of the El Nino weather phenomenon brought ideal warm, dry ripening conditions, as well as an early start and end to the vintage, a relief from the past few wetter harvests. The overall quality of the wines produced across the board in 2024 was superb. The white wines of this vintage have excellent acidity, thanks to the cool start to the season and express fully ripe fruit, a benefit of the warmer second half of Summer in the lead up to and during the harvest season.
