

RUSTENBERG WINES

Stellenbosch Merlot 2024

Introduction

Merlot has been a mainstay red grape variety on Rustenberg since the late 1970's where its lead role has been to complement Cabernet Sauvignon in blends. Rustenberg's Merlots tend to be bigger and bolder in body and are structured to have excellent aging potential, pairing well with red meat-based dishes and rewarding decanting before being served.

Vintage

The Winter of 2023 was cold and wet, as was the season's Spring, leading to the late budding of many varieties. While the excellent ground water availability was welcome, the early growing conditions were challenging due to the influence of rain. The resultant humidity, and at other times high winds, ultimately resulted in lower cropping levels. As Summer progressed, the influence of the El Nino weather phenomenon brought ideal warm, dry ripening conditions, as well as an early start and end to the vintage, a relief from the past few wetter harvests. The overall quality of the wines produced across the board in 2024 was superb.
